

Bremerton Brigade Rendezvous 2017

August 2017 was the Bremerton Brigade's annual rendezvous. It was a very hot weekend, and the environment was not doing too well because of the air quality as a result of the British Columbia fires.

The campers at the rendezvous could only use propane to cook meals on, so it was a slightly different ambiance without fires in the camps at night. We survived and thanks to the cook shack that supported us for dinners. On Saturday night we had a potluck with a lot of store bought warm food items, and of course lots of salads and desserts.

The Brigade had approximately 50 registered shooters, along with traders and campers. A good time was had by all. Friday night we had a specialty shoot that was put on by the Boosway. The winner was Mike Moran (President of the Washington State Muzzle loaders Association- WSMA). That shoot was followed by a candle shoot that was won by Wally McKendry.
