

## What's on Your Bucket List?

I met an incredible woman at the Poulsbo Sportsman Club. Her name is June and she came in with her son, Lane Ormerod. She proudly announced that her son has been shooting for 50+ years and she has been “hounding” him to take her shooting with him. Today was that day.

She was using a Winchester, Model 370 – in 410 gauge **AND** a streamlined, red, 4-wheel walker.

I watched as she sat on her walker, took aim, and shot through 25 rounds. We all swear we saw a chip off the very first bird. When finished, she shared that she was 87 years old and shooting trap was on her bucket list and it is not any more.

Amazing lady! Thank you, Poulsbo Sportsman Club, for giving her a free round of trap and a day to remember.
