

A MESSAGE FROM RCO ABOUT YOUR GRANT APPLICATION

RCO-Director (RCO) <rco-director@rco.wa.gov> Jul 21, 2017

Dear RCO Grant Applicant-

If you have been following the disappointing news from Olympia, you know that the legislature did not pass a capital budget before the end of their 3rd special session.

So what does this mean for your application?

If you have a project or contract that was expected to be funded in the near term, all of those are on hold until we receive a capital budget or until we get authority to spend any federal funds we were expecting. RCO will be in contact with you when and if this occurs.

This lack of a capital budget may also have some profound impacts on RCO staff and the programs we administer. Although we do not yet have a complete roadmap for the next several months, RCO staff are currently working and available to answer any questions you may have.

Sincerely,

Kaleen Cottingham
Director
