

PSC Notes

May 2015

Congratulations and welcome aboard to our new members. We have accepted 119 new memberships including both individual and family memberships and look forward to getting to know a lot of new people.

As new members, as you look around and figure out how you are going to use the club and its resources feel free to ask other members how things work. Range safety Officers are always a good place to start and they may be able to direct your question or comment to another member with special knowledge on the subject. You may be surprised at the depth of knowledge at the club and the willingness to help whether you are new to shooting or just new to the club. If you have not already done so be sure and explore our web site www.pscnet.net.

If you are scratching around for something to do on the first Tuesday of any month drop in to a member's meeting at 6:30 PM in the club house and meet a couple of new people. The Executive Board meets on the last Tuesday of the month also at 6:30 PM in the club house and those meetings are generally open to members as well, and members are encouraged to participate. The EB meeting is where the business of the club is carried on so sometimes it's important and once in a while it can get exciting. If you have an issue, a gripe or a good idea, the EB is the place to air it out. Of course it is always a good idea to give a board member a head start on the idea as well. You can get some good advice about the way things work at that point. We follow Robert's Rules but don't let that put you off. We'll help you out if it gets in the way of something you might want to do or see tried. Besides, anybody that understands that stuff doesn't have a full social life anyway.

An important privilege of membership that you might consider is the ability to access the rifle and pistol ranges after regular hours. Access is gained by use of a key card which is available to you after you take our 'after-hours briefing'. It's about ninety-minutes long and introduces you to the rules and etiquette of the after hours range. Check the schedule on the web site and if you are interested get signed up; space is limited and this time of year the classes fill up quickly.

So again, welcome aboard and I trust that your membership at Poulsbo Sportsman Club will be fulfilling for you.

Doug O'Connor
President
